

## Clicker Resources for the 2020 Bookbug Picture Book Prize Books

### What are the Clicker Resources?

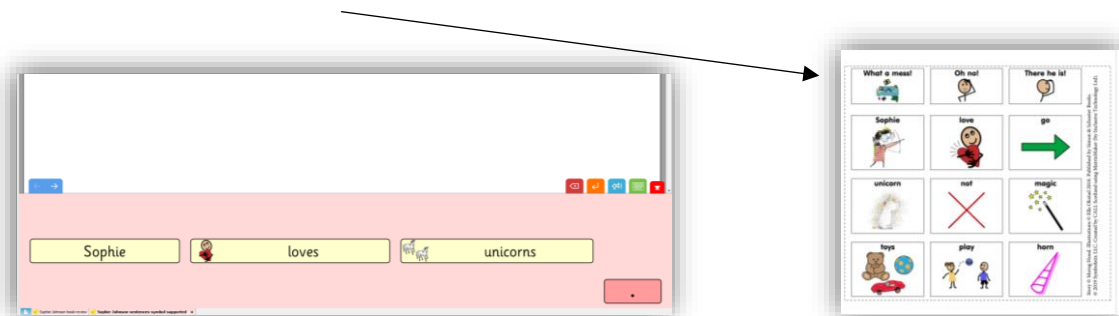

We have created three different Clicker Sets to support early writing activities. The Clicker Sets can be opened with Clicker 7 and the Clicker Apps for iOS; 'Clicker Sentences' and 'Clicker Connect'. There are three sets available for each book.

### Symbol Supported Sentence Writing Set

This is a Clicker Connect Set so can be opened in either Clicker 7 or the Clicker Connect App on an iPad.

With symbolised key words, learners can create ten simple sentences re-telling the story. The simple sentences have been designed to link with and be used alongside the symbol communication boards which support discussions around the stories.

### Book Review Setence Set

This is a Clicker Connect Set so can be opened in either Clicker 7 or the Clicker Connect App on an iPad.

Learners can create simple sentences to review the book content, say what they liked and imagine their actions if they were a character in the story.

### Accessibility

The Clicker Sets are accessible by mouse, touchscreen, roller ball, switch and eye gaze.

### How can I find out more about Clicker Software?

There are useful video guides which demonstrate how to create, edit and personalise Clicker Sets and Documents:
